

The United Brotherhood's Court System

Fascism in its Finest Hour

During Doug McCarron's tenure (eighteen years) as General President of the United Brotherhood of Carpenters, the UBC has filed and prosecuted many 14D charges against officers (members) of our union. In every case, the UBC's trial committee found the union officer (member) guilty and kicked those members out of our union.

Nazis, during their 12-year reign over Germany, used the same trial procedure. Hitler's henchmen charged anyone with a crime who opposed the Nazi leadership. The Nazis held hearings, always with guilty verdicts, and imprisoned or executed those defendants.

Sound familiar. Mike McCarron did not receive a fair trial over the trumped up charges filed against him. Even with a defense that exonerated him from all of those ridiculous charges, the trial committee found Mike guilty, and the UBC kicked him out of the Union.

Fascists controls our organization, read below to understand how they control the trial process.

The 14D Process

- 1.) The UBC files 14D charges against the member
- 2.) UBC General President (Doug McCarron) appoints a Trial Committee
- 3.) Union trial date is set
- 4.) Trial Committee entertains evidence from the prosecution and defense
- 5.) UBC Trial Committee deliberates
- 6.) UBC Trial Committee issues a verdict (always guilty)
- 7.) UBC Trial Committee recommends their guilty verdict to the UBC's Executive Board, (Doug McCarron's Executive Board)
- 8.) The UBC's Executive Board accepts the UBC Trial Committees' guilty recommendation
- 9.) The member has 30 days to appeal the guilty verdict
- 10.) General President Doug McCarron appoints the Appeals Committee
- 11.) The Appeals Committee denies all appeals
