

Doug McCarron's *DARK SIDE* Controls Our Union

Fueled by greed and hatred, Doug McCarron has a history of destroying anyone who challenges him. For ultimate control, he masterfully created an organizational structure of Local Union Officers and Delegates with mostly fulltime Union employees. Doug McCarron **FIRES** any Union employee who questions his leadership, destroying democracy in the process.

Council staff fears Doug McCarron's wrath and went along with his vicious attack against Mike McCarron. Only in Doug McCarron's UBC court could he present the bogus charges against Mike McCarron.

To those who **do not know him**, Doug McCarron seems to be the Union's most loyal member. Doug McCarron is an actor, who perfectly performs his role as general president. On the surface, he is friendly to every member he meets; he makes you feel he is working in your best interest, but from his core, Doug McCarron manipulates our organization to serve himself. **EXAMPLES:**

1. Out of greed: Trust Fund Chairman Doug McCarron promotes his girlfriend to a Trust Fund position she is not qualified to perform, giving her a \$66,000 raise and a company car
2. Out of greed: Doug and Carpenters Union attorney John DeCarlo disguised language, within a well-crafted Trust Fund amendment, that allows Doug to collect his pension and work as a carpenter while all other carpenters cannot
3. Out of greed: As a Board of Director for **Union Labor Life Insurance Company (ULLICO)**, Doug McCarron, ***through an insider deal***, bought thousands of shares of ULLICO stock with money borrowed from his mother.
4. Out of hatred: Doug McCarron railroaded his own brother Mike McCarron out of our Union on false charges because Mike repeatedly questioned Doug's decision making ability

During the McCarron Brothers' Debate at the September 20, 2013 Local 1506 meeting, Doug McCarron claimed, ***"I'm no longer a carpenter"*** (youtube Local 1506 meeting). If not a carpenter, why is Doug McCarron the general president of the Carpenters Union?
