

Witness Tampering is a CRIME!

Local 1506 Recording Secretary **Dan Macdonald**, contacted Brother Ben Rodriguez in Las Vegas during Mike McCarron's 14D Trial, and attempted to persuade Rodriguez *not to testify*.

On Tuesday, September 10, 2013, Dan Macdonald tried for over thirty minutes (*recorded conversation*) to sway Brother Rodriguez *not to testify* in Mike McCarron's defense.

- How did Macdonald know Ben Rodriguez was on the witness list?
- Why would Macdonald get involved?
- Who put Macdonald up to tampering with a witness? Was it General President Doug McCarron?

***Macdonald's obstruction of justice is appalling!
He is a union official appointed to represent our
membership in protecting our carpenter
standards . . . but Macdonald violated the basic
standard of trust!***
